

Junior Construction Associates

2-5 YEARS

Jenkins Marzban Logan LLP is one of British Columbia's pre-eminent "boutique" firms. We are a dynamic, creative and entrepreneurial firm. Our 18 lawyers practice almost exclusively in the areas of construction law, family law and commercial dispute resolution.

We have fun at work.

We are looking for two junior lawyers, with two to five years of experience and outstanding qualifications, to join our construction law group.

The first position will involve negotiating and drafting construction contracts, being part of the team advising on P3 projects and general construction and commercial dispute work. The second position will primarily involve general construction and commercial dispute work.

We seek applicants who are strongly committed to the long-term success of the firm and to developing their own practices within it. The lawyers joining us will have very strong social and communication skills and enjoy working on a team. The lawyers will be bright, organized, hardworking and enjoy a challenge. If this sounds attractive to you, and if you think you have what we are seeking, we would love to hear from you.
