

Exceptional Construction Lawyer

3–7 Years

Jenkins Marzban Logan LLP is one of British Columbia's pre-eminent "boutique" law firms. We are a dynamic, creative and entrepreneurial firm, and some of us have a life, even families, outside law. Our 20 lawyers practice exclusively in the areas of construction, commercial, and family law.

We are looking for an exceptional lawyer with 3–7 years of experience to join our construction law practice.

The successful applicant:

- will assist senior counsel with their files, while gradually developing an independent practice
- has already demonstrated superior legal ability
- is a natural problem-solver
- has common sense and excellent business judgment
- has a sense of humour and at least a modicum of social skill (we make exceptions for engineers)

For more information about JML please visit our website at www.jml.ca.
